22 The order of 12th October 1894 shows clearly that the principle on which the amount quota of contribution was fixed is 1/4 the estimated amount of the Govt. monthly House Mohalla fees. As far as possible the same bases may be adopted for the recovery of the contributions now unless there are special grounds for further reducing this amount. A For the present, the increase proposed by the Dy Commissioner in the cases of the Municipality (Vide page 9 above) noted by them may be adopted, though the contributions proposed are in many cases below the original rate

clause (c) of no 56 of the 1911 6/04/15
